

Cedar Park High School Band

-----2150 Cypress Creek Drive-----Cedar Park, Tx. 78613-----

June 16, 2010

Good Day:

This letter is an introduction to the Cedar Park High School Band fundraising opportunity. The Cedar Park Band Boosters are the parent group that oversees the raising of funds for the band. These funds are used for various activities that range from travel expenses, college scholarships, marching band operating expenses (not covered by the district budget), and operations of the band booster group and its activities on behalf of the Cedar Park HS band students. The booster group is a non-profit organization (501C3) and exists for the sole purpose of support (physically and financially) of the CPHS Band.

During various times of the year the boosters organize fundraisers with the profits being directed to the band program and directly to the students. They organize dinners, silent auctions, door prizes, donation events, and other various types of fundraisers. They are approaching your business, at this time, for your assistance in a current or upcoming fundraiser. Please accept this letter as the introduction of the Cedar Park Band Boosters and their efforts to include your business as supporters of this band.

Your donation to this program is appreciated and will go to forward this fine program and the students involved in it.

Thank you on behalf of the Cedar Park High School Band staff.

Sincerely,

Steve Wessels
Director of Bands
Cedar Park HS
