January 2005

From the Prez....

At the end of every month I am responsible for turning in the number of volunteer hours our parents worked to the LISD Volunteer Coordinator. For the month of October I turned in an amazing 4,132 hours. Our band parents definitely rock! How does it feel to be a part of such an amazing organization? How does it feel to have such an active role in your teenager's life and to witness their success? I think it's pretty awesome.

We are all here for a common goal; to support our children and our band staff, and to fund raise so that our children can participate in a wonderful, top-ranked band program. After marching season booster meeting attendance often declines, but high school band is a year-round activity and so is fundraising.

We already have parents hard at work planning our second Spring Craft Show. Becky Larson, Pat Mencio and Maureen

.....From the Prez (continued from [page 1](#))

McFadden did a wonderful job last year and they were generous enough to volunteer their time again this year. As spring approaches, I am sure they will be asking for more volunteers to help as needed.

I know there was some confusion this year since we considered combining the Silent Auction with the end of marching season concert. With the excitement of this year's marching season, and of course our trip to State combined with football play-offs and soccer concessions, it just seemed more practical to stick with the tradition and have it at the end of the year. The Silent Auction has been an important fund-raiser for our band students. The money raised from the auction is placed in our scholarship fund and recipients are announced at the Band Banquet at the end of the year. More information about scholarships is on the band web site for seniors who want to get started on applications early. I would like to get an early start on planning the Silent Auction for the end of the year so look for more information on how you can help to come soon after the Holidays.

Remember that there is a place for everyone in the booster organization. We are limited only by our imagination. We always welcome fresh ideas and new opportunities.

Best wishes,

Mike & Leslie Greer
